

Dual Loop Driver Assist Strap

- Provides assistance while drivers and dock workers climb into and out of trailers with Ancra's Driver Assist Strap with dual loops.
- Connects to existing logistics post or E track inside the trailer door.
- End of the strap has a 12" loop with a heavy duty wear sleeve that is used as a handle to provide a second handgrip for a person entering or exiting a trailer.
- An additional hand loop is provided that positions a second hand hold closer to the fitting. It is intended to be used for added stability while exiting the trailer.
- Thumb screw on keeper provides locking feature for added security of track connection.
- 36" Long Driver Assist Strap is assembled with high strength components for a Rated User Weight Limit of 320 lbs.
